

HERE'S WHAT'S IN STORE

GETTING STARTED

Our rafting base is situated in the heart of rural Canterbury in the shadow of the majestic Southern Alps. After meeting up and having a quick bite to eat we'll drive through this beautiful scenery to our starting point above the Rangitata Gorge.

LEARN THE ROPES

The first part of our trip is on (mostly!) flat water so you can learn the basics of paddling, raft and river safety, meet your new raft family and generally get comfortable before we hit the white water.

HIT THE BIG TIME

Once you've got the hang of things we get into the good stuff - the glorious Rangitata Gorge. This wild canyon will need all of your newly learned skills as you paddle your way through towering rapids, tight gaps and rocky outcrops.

SPECTACULAR ALPINE SCENERY MEETS WHITE WATER EXHILARATION!

GRADE 1 TO 5... IT'S YOUR CALL.

With Grade 1 - 5 white water guaranteed on every trip, all you have to decide is whether you're up for the thrill of the big ones or would rather admire them from a distance.

SPINE-TINGLING SCENERY

When 'Lord Of The Rings' alpine scenery meets white water exhilaration, it's a pretty massive rush. Add to this that you're smack in the middle of an historic high country sheep station and you've got the perfect recipe for great Kiwi memories.

TIME TO RELAX

Our trips are exciting, fun and relaxed. We're out on the river for nearly three hours which is more than enough time to learn some boat skills, get your share of some of NZ's best rapids and make a raft-full of new friends!

LEGENDARY GUIDES

Our guides are internationally experienced, quick with a joke and will teach you everything you need to know to tackle the river. From paddle technique, to safety maneuvers you'll be ready for anything the river throws at you.

WE SPOIL YOU

Yes, we'll lend you gear. Yes, there'll be some of the best rafting anywhere. But how about a tasty lunch when you arrive, a hot shower afterwards, and a filling barbie for dinner while you relax and check out your action pics?

ADD THIS TO YOUR MUST DO LIST WHILE IN NZ

"I can happily say this day out on the river exceeded my expectations. We had gorgeous weather and the scenery is spectacular. Add a fun series of rapids including some challenging class 5's and a charming, entertaining guide (Gunny) and everyone in my boat had a great time."

Washington

PERHAPS THE BEST WHITEWATER RAFTING ON THE SOUTH ISLAND

"The Rangitata Rafts guide did not disappoint and he skilfully negotiated our raft along the River, manoeuvring through all of the rapids with ease. Due to the skill of our guide, the beauty of the Rangitata and the picturesque surrounds, I had a great morning out."
