NORTHERN LIGHTS TOUR

JOIN US ON A SEARCH FOR THE NORTHERN LIGHTS!
PERSONAL TOUR: ONLY A SMALL GROUP IN A JEEP

When conditions are favorable we head out to search for the Aurora Borealis, often called the Northern Lights.

Join our Jeep tour.

We do our best to only go out for hunting when the Northern Lights can be expected and if we don't catch them you have a second chance on the following evening.

Highlights:

We head in the direction with the most chances of seeing Northern Lights, escaping the light pollution of Akureyri.

This might be a long night so we bring along light refreshments

"Kleina" (Icelandic twisted doughnut) for you to bite on and hot cocoa to warm you up during the wait for the lights.

NOTE: Dress extremely well! Preferably in layers. Bring a hat and gloves and wear thick socks

* We decide between 5:30 p.m and 6.p.m every day if conditions are favorable to go on the tour

* The Northern Lights are a natural phenomenon. Sightings cannot be guaranteed even if the tour is operated.

* Pictures do not always reflect actual experience/sightings

* If no lights are seen, another northern lights tour is offered for free
