AFRICA ALBIDA

altogether Africa's Finest

Experience
sublime raw Africa
in style

"host to the
largest elephant herds
on earth"

Intimate, exclusive and luxurious, Ngoma Safari Lodge, a place of a hundred heartbeats, with wide-sweeping views of the Chobe river and Caprivi floodplain, is unlike any other. Chobe is host to the largest elephant herds on earth and is, without question, one of Africa's finest wildlife experiences. Ngoma Safari Lodge, opened by Africa Albida Tourism in May 2011 in partnership with the Chobe Enclave Conservation Trust (CECT), is a 5 star bush property located near the Western side of the

Chobe National Park, in the Chobe Forest Reserve. Perched on a ridge, affording a signature eco-vista, the lodge consists of eight luxury suites designed with an emphasis on space, peace and luxury. The uniqueness of Ngoma is its remote location in the Chobe Forest Reserve at the edge of the National Park. This assures genuine exclusivity away from the buzzing town of Kasane and includes night drives and walking in the wilds, (not allowed in the park) amongst a range of activities included.
