

Ever wanted to try glassblowing?

Our instructors will introduce you to the exciting craft of hot glass forming. By the time your class is completed, you will have made your very own piece of glass to take home and enjoy. **All materials included**

During 30-45 minutes of **one-on-one instruction** you will learn about the exciting properties of glass when making a "practice piece. Then, adding colour to the mix you will move on to the main event.

In this class you will make to take home (the next day after it cools), a paperweight, friendship ball or fanciful flower.
