- Pub Science

## Welcome! Bienvenidos!

The Powerhouse Science Center (PSC) is a 501(c)(3) hands-on science + energy center focused on providing interactive learning opportunities to people of all ages. Around 17,000 people visit the Center each year; igniting their curiosity and discovering anew. Located on the banks of the Animas River in Durango's historic coal-fired, steam-generated AC power plant, the Powerhouse presents a wide range of programs, exhibits, and activities for curious minds of all ages.

We are committed to developing a science center that is welcoming and engaging to all communities in the Four Corners and beyond. We strive to be inclusive because we believe science and technology are for everyone.

## What's Happening @ the POW

The Southern Ute Energy Gallery is always "happening"

**Educational • Fun • Free Explore • Demonstrations**

"You need a good imagination and a pile of junk." - Thomas Edison

"If women can be railroad workers why can't they fly in space?"  
- Valentina Tereshkova  
(first woman in space)

"I have no special talent. I am only passionately curious."- Albert Einstein

### Camp Discovery

Week-long summer science camps. What are YOU doing this summer? Our hands-on science camps let kids explore the human body, dissect organs and use microscopes, build and program LEGO robots, trouble-shoot adventure situations like a technie MacGyver, avoid nature-deficit disorder in the great outdoors, and much more! Registration opens on our website each March.

### Early Learning Programs

Check out Toddler Time every Wednesday morning at 9:00.

### Field Trips

Field trips to the Powerhouse provide the opportunity to engage with rich STEM content. Students will remember lessons learned for years to come. Book your field trip today on our website: at [powsci.org/fieldtrips](http://powsci.org/fieldtrips)

### Career Ladder

Attention middle and high-school students! Join our internship program and learn high-wow science demos, perform a cockroach holding and volunteer for one of the best places in town.

### Trivia

Ready to flex your memory muscle? Get your team of five together and test your knowledge at PSC Trivia, every Thursday. Free to play - great prizes to win! Snacks and all-local libations are available for purchase. Doors open at 6pm.

### Pub Science

Come explore a variety of topics presented by multiple organizations. Every 1st Friday of the month: doors open at 6pm.
