**We have three walks to choose from:**

### **The Original Loo Tour**

Our classic route runs from Waterloo to the West End, exploring the potty politics of public toilets. From stories of intrigue to practical tips, this tour is an investment in your bladder future! Never be caught short again!

### **The Bloomsbury Loo Tour**

We put the Loo in Bloomsbury! This tour travels from Euston Square to Holburn and plumbs the depths of the history of health and hygiene, investigating how the toilet as we know it evolved from scientific discovery and social convention.

### **The Life and Times of Thomas Crapper**

His name is the stuff of legend and often gets a laugh, but the tale of the real life entrepreneur is no less dramatic. Sort out fact from fiction as you trace his footsteps through the Chelsea, and judge for yourself if cleanliness is next to Godliness.

## **LONDON LOO TOURS**

### **One in three people don't have a loo!**

We are supporting Toilet Twinning to help flush away poverty. Ask us about our special offer for Toilet Twinners and help provide a family in a developing country with a proper toilet, clean water and all the info they need to stay clean and healthy.
