Located in Horley, on the borders of Surrey and Sussex, Lets Race & Lets Golf is one of the UK's top simulation venues offering experiences to both the consumer and corporate markets in full-motion Formula 1 simulators and high-spec golf simulators.

ABOUT LETS RACE

Lets Race's 10 full-motion, professional F1 race car simulators feature a booming sound system, creating an atmosphere that simply has to be experienced to be believed. The centre's F1 models offer speeds of up to 200mph to give drivers a real rush, while developing enough downforce to keep them flying round the track when they hit those tricky corners.

The centre's blacked out sim room comes alive while spectators can sit in the grandstand to watch the races unfold, making drivers feel like they are part of a real Formula 1 race. Down on the illuminated grated floor, the 10 net worked simulators allow drivers to experience a wide variety of circuits, meaning they can race on the same tracks as the real racing stars.

ABOUT LETS GOLF

Lets Golf's simulators, powered by HD Golf, offer the most realistic simulated experience on the market and give customers the opportunity to play virtually on some of the best courses in the world, from St. Andrews to the PGA National.

Utilising high speed spectrum sensor smart technology, the simulators offer players a unique way to enhance their technique as the golf ball and club are accurately tracked. This shows where the ball ended up on the course and also displays crucial club/ball data, thus enabling players to self-diagnose and immediately improve their game.

“ A big thanks to the team at Lets Race for hosting a fantastic launch event for Ginsters. The venue worked really well for our needs, and it was great fun racing the afternoon away in the F1 simulators. ”

Jo Hartop
Head of Corporate & Trade Communications, Ginsters

“ Thank you for a great day - it was organised excellently and the team were extremely professional. Everyone had a good time and was entertained for the duration. The food was great and everything ran as it should - I wouldn't hesitate to recommend you in the future. ”

Charles Cardwell
Managing Director, AirDAT Ltd, Driving Standards

“ Thanks again for a fantastic day. We all had such a great time and it has been the subject of many conversations and office banter since!!! ”

ABOUT SIMULATION HIRE

STAND OUT FROM THE CROWD AND TAKE POLE POSITION AT YOUR EVENT

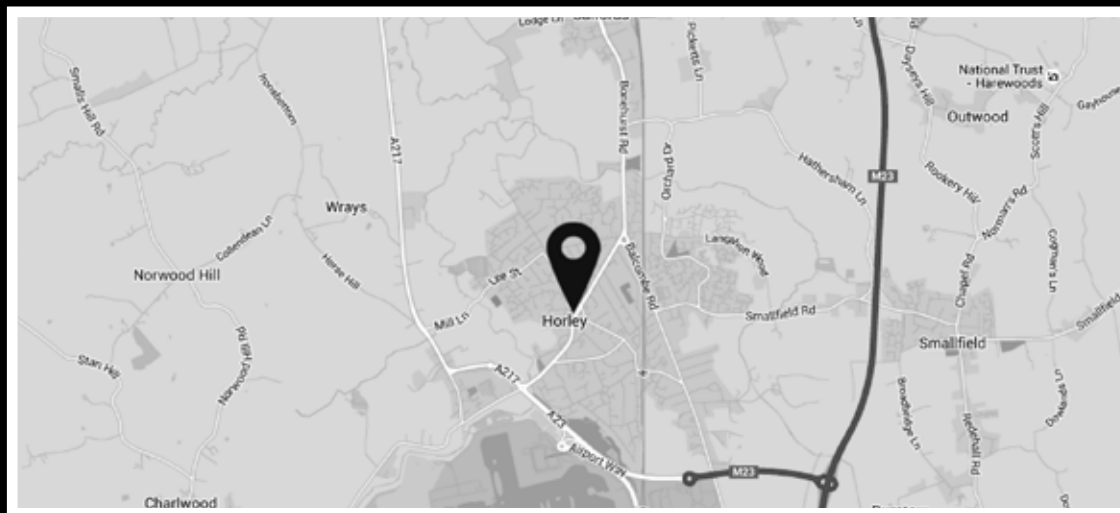

Our mobile F1 simulator is the perfect attraction for your event. Providing endless entertainment and excitement, it is a guaranteed crowd pleaser and enables your company to stand out from the rest.

Not only will a member of our dedicated events team and a fully qualified race instructor be provided to run the simulator for you at your event, but to make sure your experience with us is completely hassle-free, we will also organise the transportation of the car.

Furthermore, to really put your brand in the spotlight, we are able to offer you the option to have the simulator wrapped with your own colours and logos and our unique 3D software allows you to preview the car's final appearance before you make any commitment.
