# Greenacres Stables

Greenacres Stables Riding Centre offers riding lessons, off-road hacks and equestrian activities for all the family. Whether a seasoned rider or trying something new, we are happy to design a lesson or ride for you to enjoy!

Greenacres Stables is located on the edge of the beautiful Forest of Dean, close to the historic market town of Ross-on-Wye and near the cathedral cities of Gloucester and Hereford. Just off the A40, we are easily accessible from the M4, M5 and M50 motorways and only a 2-hour drive from London.

# Forest Trails and Country Lanes

With the historic Forest of Dean on our doorstep, there are miles of woodland tracks and quiet country lanes to explore, offering stunning views towards Wales and the Malvern Hills, and plenty of wildlife.

Bluebells in the spring, leafy summers, colourful autumn leaves or snowy hills - whatever the season, no ride is ever the same!

# Riding Lessons and Activities

Riding lessons are taught in our large outdoor arena, where we offer the choice of private, semi-private and group lessons. We cater for all abilities, from lead rein sessions for beginners to complete show jumping courses for the more adventurous riders.

Younger riders can enjoy our weekly 'Junior Jockeys' sessions, including horse care, stable management and various riding activities. We are happy to organise special events for birthday parties and other occasions, or to help create a complete holiday package!
