Be part of 1,000 years' history at London's Medieval Banquet. You will join King Henry VIII as a royal guest where you will shout for your wench, Wassail with knights and bang the table in appreciation.

Guests at the Medieval Banquet experience a night in the court of the King enjoying live music as balladeers play and sing ancient song. Marvel at the grace of beautiful acrobats and the energy of our jesters.

All this is set at the historic St. Katharine Docks which trace their roots to the 10th Century's King Edgar and the legend of the Portsoken Knights. Come ready to eat a four course banquet with wine and ale and to finish the night by dancing till late
