Battle of Waterloo Exhibit

To make fantasy into reality.

One of Ireland's best hidden family owned attractions, 'Toy Soldier Factory' has been established in Ireland since 1976.

There is no fake machinery or actors - it's a REAL working factory. See the mould maker making the moulds. Watch in amazement as the painters paint the figures.

One of the few places in the world to see metal toy soldiers being cast the same way as they have been since the 17th Century. We give live casting demos every half an hour! Watch closely as a metal miniature is cast right before your eyes.

Learn about the history of the "Prince August" brand. It's not just a factory but also a visitor centre that allows the artist inside each person to unleash their creative spirit.

A visit is a Must!

All our packages include casting, painting and studio time.
