Celebrating 50 years of conservation

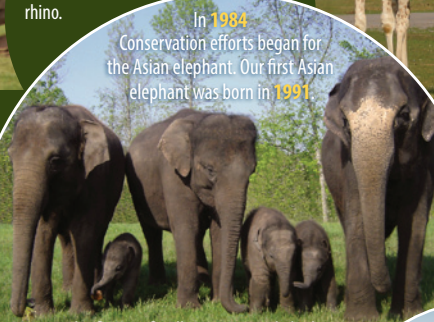

The Birds of Prey Conservation Centre opened in **1979** – and in **1980** Canada's first Peregrine falcons were hatched.

Three Rothschild giraffe were introduced in **1973**. In **1977** Ontario's first baby giraffe was born.

In **2013** Canada's first artificially inseminated giraffe was born.

In **1998** four endangered White rhino arrived from Kruger National Park. In **2010** Conservation efforts began on the Indian rhino.

In **1984** Conservation efforts began for the Asian elephant. Our first Asian elephant was born in **1991**.

In **2010** African Lion Safari® participated in the captive breeding and release of the critically endangered Eastern Loggerhead shrike – with Wildlife Preservation Canada.

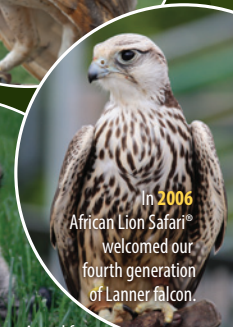

In **2009** the first artificially inseminated elephant was born in Canada – and in **2018** two babies were born, only 1 day apart!

In **2011** Conservation efforts commenced on the critically endangered Blue-throated macaw.

In **2010**, Endangered Barn owl programme hatched 13 Barn owls.

In **2006** African Lion Safari® welcomed our fourth generation of Lanner falcon.

2001 First cheetah born at the park.

2008 received the Thomas Baines Award for outstanding achievements in our Cheetah Breeding and Management Program. **2011** African Lion Safari® welcomed 40th cheetah cub.
