WHY OLD DAIRY BREWERY?

We are the quintessential English craft brewery - from the heart of the Garden of England. Classic award winning beers... with a modern twist. A beautifully crafted broad range of beers for different moods and occasions;

- A 'CORE' RANGE OF CLASSIC STYLES AND SEASONAL BEERS.
- SCRUMPTIOUS ARRAY OF OCCASIONAL AND SPECIALITY BREWS.

Distinctive branding with a popular nostalgic play on coloured bottle tops for our beer names. Following a very successful first four years on a farm, our new 30 barrel brewery opened in July 2014 in Tenterden, Kent, UK.

All our beers are extremely moreish, perfectly balanced... and very enjoyable.

CRAFT ALES FROM THE GARDEN OF ENGLAND

SPECIALITY RANGE

This delightfully light and extremely drinkable straw coloured beer is brewed to an historic recipe of a long lost Kent brewery from more than a century ago. East Kent Golding's hops give a pleasant fruity character, balanced with sweet biscuity malt and hints of honey. We have chosen this as a perfect and very enjoyable example of the brewers' art from a bygone era.
CASE OF 12 x 500ml BOTTLES

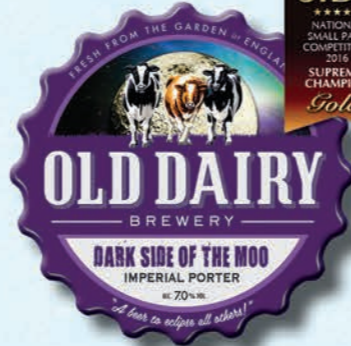

Summer Top is the perfect summer beer to refresh you on a warm summer's day. Brewed with Maris Otter malts balanced perfectly with distinctive Cascade hops for a delicious citrusy flavour. Light, golden and very drinkable. Enjoy chilled!
