

THE
SPACE PLACE
OBSERVATORY

STARGAZING NIGHTS

At The Space Place Observatory visitors experience the wonders of space by viewing through telescopes, engaging with astronomers at our beautiful clear dark night skies and see the highlights our Universe.

The Space Place Observatory has up to 4 large telescopes and several pairs of high magnification binoculars. We have an Exhibition space, shop. or tour our astronomical gardens. We are just only one hour away from bright city lights means dark night skies for wondrous views of stars, planets, galaxies and more. It's fun for the whole family.
