Reviews

We have been to several zip lines and we keep going back to North Georgia Canopy Tours. The quality of their zip lines and guides can't be beat. They are extremely patient and take time to explain everything and make sure you feel 100% comfortable. Top-notch operation!!

Julie D. - February 2013

If you have never zip lined before this is the place for you to learn, the staff is excellent and take the time to make sure you enjoy the experience. We took my 75 year old father (who is afraid of heights) with us to try this adventure. After the safety class we were on our way and he absolutely loved it. If you are an experienced zip liner than you will love the view and the staff will be glad to have you along for the fun. We highly recommend North Georgia Canopy Tours.

Shelby F. - September 2012

Run to do this. So much fun! Guides were amazing as all the other reviewers said. This would be a blast to do for a birthday, date, or for out of town company. They had games for you to play while you wait. Cornhole, fooseball, peg game (cracker barrel). Just awesome facilities!

Cooper G. - May 2011

Haven't done the zip line but judging from the ear to ear smiles it must be a ton of fun. I go for the disc golf course. The course is a challenging mix of open bomber holes and tight technical shot holes. If you haven't played here put it on your to do list. The owners and staff are great!
