# About Luddenham Raceway

Luddenham Raceway is Sydney's newest purpose built outdoor recreational and motorsport facility in South Western Sydney.

The venue attracts a mix of locals and visitors from all over Sydney, Australia and Internationally and is the ideally positioned to host your next function.

# Corporate Events & Group Bookings at Luddenham Raceway

Luddenham Raceway is a world class facility located on a privately owned Olive Farm in Luddenham.

Companies and private parties can host functions and corporate events here at Luddenham Raceway, and can be reassured that the facilities will be of the highest standard to impress family, friends and business associates.

The facility has a superbly appointed separate function room, and for larger gatherings (or for those wanting a more intimate and private experience) there is also the option of 'Run of the House' hire of the entire facility including exclusive use of the visitor building and track.

The spacious and secluded 100 acre property also means that there is plenty of room for marquees for special events.

The visitor building has been purposely designed so that manufacturers and exhibitors can drive vehicles and large display items inside for showcasing products. The options are endless so please call us now and let us help you organize your next event and make sure that it will be an event to remember!

All of this and we are located less than an hour from CBD Sydney, we can even help you organize transportation by private coach, limo or helicopter to ensure that you arrive in style.

Our friendly and helpful team are here to help you plan your next event down to the very last detail, for further information please call Guest Services on 02 9834 2366 or email us at [info@luddenhamraceway.com](mailto:info@luddenhamraceway.com)

## Pro Circuit

With 12 high speed flowing corners, the smoothest of drivers will be rewarded as momentum is the key to a fast lap.

Our newly built track not only meets, but exceeds all the highest safety standards ensuring you are in the safest hands. Unlike indoor circuits, our track offers you the ability to reach speeds up to 75km/h, allowing you to drive to the limits of both kart and personal ability. With large run off areas and impact barriers drivers will have a fantastic and safe space to unleash their inner racer!

Turn 1 – is a hairpin that allows a fairly high corner speed but is gridlock on the first turn of a race.

Turns 2, 3 and 4 – are fairly tight sweepers, watch for the turning radius decreasing into turn 3. Go in too hot and you'll get passed on the inside approaching turn 5.

Turn 5 – This corner turns through more than 180 degrees. When taken on correctly can be very fast.

Turn 6 – often needs some jostling with Turn 7 providing an opportunity for a good lap time if your sequence through 5 and 6 is smooth.

Turn 8 – forms a left right combination with Turn 8, braking into 8 provides more opportunity for the racer.

Turn 9 – is a quick sweep allowing some breathing room after the tight section with a fast run into

Turn 10 – The balance between deep braking and setting up for good exit speed can make all the difference to lap times as 11 and 12 leads onto the fast straight.

Turn 11 – is a fast corner between on the lead up to a stop go turn 12.

Turn 12 – is a hard braking left on to the front straight. This section will make or break a good lap time. Final corner passes make for thrilling race results.

# The Karts

We are constantly tuning and tweaking our fleet for optimal reliability and performance.

We pride ourselves on the even handling and speed of our karts, resulting in the most level playing field for your race event.

All of our Karts have been geared perfectly so that drivers will be enjoying a true racing experience as soon as they hit the track.

## KART FEATURES AND SPECIFICATIONS

- GS-Approved Security certificate by Technical Inspection Authority (TÜV Rheinland).
- Four Point Racing Harnesses and roll bars in all karts for maximum safety and protection for all drivers.

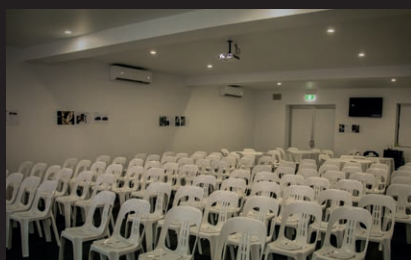

**Length/width/height:**  
1880mm/1300mm/600mm.

**Engine:**  
Tuned Honda GX 270 270cc Power.

## DID YOU KNOW?

That according to the current Australian Standards, all Hire Karting Centers are restricted to 85 km/h, however this is still plenty of power to allow all drivers to feel like real racers.

# The Venue

Luddenham Raceway is a world class facility located on a privately owned olive farm in Luddenham.

## DID YOU KNOW?

We open in wet weather, provided that it is safe to do so.

We also sell wet weather suits for \$10, which may be purchased at reception.

The newly built facilities are of the highest standards and will be sure to impress your special guests.

Its worth noting that larger gatherings also have the option of 'run of the house hire' which will allow them to make use of the property for their private use. This means you will be able to create special and unique areas and transform existing areas to create your own private haven.

The secluded, spacious and scenic 100 acre property means

that there is plenty of room for marquees and outdoor entertainment areas to be set up.

Alternatively you can make use of the spacious and specially appointed 'corporate room' to host meetings and presentations before hitting the track.

You should also keep in mind that our state of the art track lighting means you can race all day and all night, as the track will be perfectly lit to host events that go well into the evening.
