DOLPHIN WATCHING . DIVING . RESEARCH

CATALOG 2016

ABOUT US

It was in Sagres that this team of marine biologists dreamt of exploring the ocean.

Aiming to promote an active community in the conservation of the oceans, we offer boat tours and scuba diving experiences with environmental interpretation.

Step onboard to discover more about cetaceans and seabirds, coastal routes, or simply go deeper and learn to dive!

WHY CHOOSE US?

- We specialize in marine wildlife watching
- Personalized activities with marine biologists
- Environmental consciousness and high respect for animals
- Educational briefing prior to dolphin watching trips and dives
- We love to welcome families and children
- Participants may get in touch with our scientific research
- Our safe RIB boats offer fast sailing maximising observation experience

1 DOLPHIN WATCHING

Duration: 1.30h
Price: Adults: 35€ | Children (up to 14 years): 25€
Minimum capacity: 4 passengers
Departures: Mar. – Nov.: 11.30h
Jul. – Set.: 09.30, 10.00, 11.30, 12.00, 13.30, 14.00 and 15.30h

During this tour guided by a marine biologist, we set off in search of the southwest marine wildlife. Besides the usual dolphin sightings, enigmatic seabird species often fly over and occasionally we are rewarded with the thrilling sight of whales, large pelagic fish (sun fish, sharks) or sea turtles. The natural scenery of this adventure is the Atlantic Ocean and we will be surrounded by breathtaking coastline views. Each trip is a unique experience: it does not have a defined route and is dependent on weather conditions. The trip is preceded by an educational briefing. Step aboard and join us!

2 WILD WEST COAST

Duration: 2.00h
Price: Adults: 40€ | Children (up to 14 years): 35€
Minimum capacity: 4 passengers
Departures: Mar. – Nov.: 14.00h (under booking)

Step aboard and come explore the Costa Vicentina coastline between Sagres and Castelejo. This region flaunts one of the wildest stretches of coastline of Europe, sculpted by the strength of the sea and winds, remaining almost untouched by humans. In the Atlantic cliffs we can observe interesting geologic formations, isolated beaches, small fishing boats and seafood catchers in their dangerous fishing work. If you are a nature lover, this trip will not leave you indifferent: you will discover what is invisible from land and feel the true essence of the southwest coast.

3 SOUTH COAST SECRETS

Duration: 1.30h
Price: Adults: 25€ | Children (up to 14 years): 20€
Minimum capacity: 4 passengers
Departures: Mar. – Nov.: 16.00h

Relax and come enjoy the south coast with us. Without haste, since our aim is to appreciate the moment, we will visit small grottoes, hidden corners and breathtaking wild beaches. Curiosities and details about the geology of the coast and its wildlife are also guaranteed on this trip. This is a way of simply enjoy being at the sea, among the blue and crystal colours of the beautiful south coast. Slowly, sensing the marine rhythms and fragrances of the shoreline: an unforgettable experience!

4 CAPE ST. VINCENT

Duration: 1.00h
Price: Adults 25€ | Children (up to 14 years): 20€
Minimum capacity: 4 passengers
Departures: Mar. – Nov.: 16.00h

This scenic tour takes us to the southwest extreme of continental Europe, the Cape St. Vincent. We will travel along the shoreline, inside the bays and near the beaches, and discover small grottoes before arriving at this mythic Cape that holds the second most powerful lighthouse in Europe. During this tour you can learn curiosities about the ancient fortifications or simply enjoy the magic of this astonishing shoreline.

5 SEABIRD WATCHING

Duration: 2.30h
Price: Adults: 45€ | Children (up to 14 years): 35€
Minimum capacity: 4 passengers
Departures: Mar.-Nov. (Book in advance): 09.00h

Sagres is nowadays known to be one of the few places in continental Europe where some pelagic seabird species may be observed. After navigating south, the boat will stop and chum may be used. It is possible to watch in close proximity and photograph some of the rarest species. Depending on the season, we highlight the presence of Wilson's storm petrel, Manx, Balearic and Great shearwaters, Long-tailed skua or Audouin's gull, among others that fly over more frequently.

RECOMMENDATIONS | BOAT TOURS

AGE / PHYSICAL CONDITIONS

The recommended minimum age is 12 months. There is no upper age limit recommended.

Navigation at sea is sometimes done in adverse conditions. For your safety, if you possess any health or physical condition (back problem, pregnancy, etc) please inform our staff at time of reservation.

RECOMMENDATIONS ON BOARD

Follow our crew instructions at all times.

We recommend using sunscreen and comfortable clothing suitable to the weather (bring long sleeves even on hot summer days). It is safe to bring cameras onboard, but we advise you to bring a splash guard.

BRIEFING | BOAT TOURS

Our team has a broad sea experience and is multilingual.

All trips are preceded by a briefing explaining the trip course, safety instructions onboard and expected sea conditions. Depending on the trip, the briefing will include information on local species and curiosities (cultural, historical or geological).
