THE RIVER STOUR TRUST

The River Stour Trust is a registered charity, led by volunteers dedicated to the restoration and conservation of the River Stour Navigation for the benefit and enjoyment of the public. Originating in an act of Parliament in the reign of Queen Anne in 1705, the right to navigation has been preserved by the formation of the Trust in 1968. The Navigation was one of the country's earliest statutory rights of navigation and was made famous through the works of John Constable and Thomas Gainsborough, depicting working on the river and the beautiful Stour Valley.

Join the River Stour Trust and help to maintain the right of navigation for everyone to enjoy the river for all time.
