heated open air pool

## tripadvisor reviews

*It was so nice to take my grandsons to swim in water which was warm and didn't smell of chlorine!...it's crystal clear, clean seawater....with deep and shallow sections, terraces for those who might like to sunbathe and a poolside cafe.*

*Fun day out. Assault course in the middle of the pool was excellent fun. Helps that the pool is heated.*

*The pool is heated and very clean in all the areas.*

*My older nephew loved the slide...We all had a great day... it is so excellent that this pool is still here.*

*This is a gem....lots of space and apparatus for all age and swimming levels. They even supply loungers!*

*...well run and looked after...really nice and everyone was having fun, bright colours and mins from the sea.*
