What is an Aruba Sinatra Theater Show experience like?

The show is set at a small Las Vegas style theater an area with capacity for 340 people. The Crystal theater is located in the Renaissance Mall next to the Crystal Casino. The dress is casual evening attire.

My goal is to provide you with an intimate theater setting where you can relax and enjoy the show and a presentation against the back wall of the stage. I have selected beautiful and romantic arrangements that are pre-recorded. This gives the feel of an big band / Orchestra but allows me to offer the show at a much lower cost. I do not try to mimic the commercial recordings of Sinatra but instead offer my interpretation of Franks relaxed and informal live style. I think the music of the great American Songbook is special and worth preserving. Come let me share it with you in a special evening in the Crystal Theater.
