We've delivered to photo shoots and to various special events last year.

We delivered this massive XXL Sushi platter for Wiz Khalifa and his Crew to a GQ-Style photoshoot at Shoreditch Studios in October.

'This is an amazing quiet little lunch spot tucked away behind the busiest lunch streets in Shoreditch... the best thing about Sushi Surprise for me though has to be the astounding standard of vegetarian sushi on offer. I'm used to being fobbed off with the usual avocado and cucumber affairs, but the veggie sushi box blew me away.'

'I've lived in London, Los Angeles and Sydney and eaten a lot of sushi in all of these places. This is the best sushi I've ever had the pleasure of eating. It's a lunch place (sushi boxes etc.), if only they opened a full blown restaurant!'

'Absolutely amazing! Best quality sushi - just like a top restaurant but for a sane price. We almost prefer to keep it a secret ;).'
