# CHOOSE YOUR TRAVEL STYLE

## CHOOSE YOUR TRAVEL STYLE!

Our wide range of motorbike and Jeep tours are open to anyone from 3 to 93. Whether you are looking for a family friendly outing or some hardcore off-road riding through some amazing hinterland, we can cater for you.

### OUR BIKES

We offer a range of motorbikes to suite every rider's needs. Before each tour our tour leaders have all riders undergo a test ride to ensure they are on the right bike for them.

#### DIRT BIKES

Experienced or larger riders who are after a bit more grunt can opt for one of our selection of 125cc, 150cc or 250cc Yamaha or Honda dirt bikes. With their taller suspension, manual gearbox and torquey engine, these dirt chewing machines are ideal for blasting along off road tracks or eating up the miles on any longer motorbike tour.

#### RETRO MINSK

Go retro and ride one of our 125cc two-stroke Minsk – a machine as iconic as a motorbike can get. This manual bike, a Soviet copy of a WW2 era German MMZ is a highly versatile ride and can, more than any other machine be said to have helped build Vietnam. When you jump on to a Minsk you are becoming a part of a legend.

#### SEMI-AUTO SCOOTERS

It is no accident the humble scooter is far and away the most popular form of transport in Vietnam. From the urban commuter dodging Saigon traffic to the farmer carrying 5 pigs, 27 chickens and a small family up a mountain, a scooter will get you where you need to go. Our tough, easy to operate and reliable fleet of semi-automatic scooters is available for those less experienced riders who love the idea of a two-wheeled adventure.

# CHOOSE YOUR TRAVEL STYLE

## CHOOSE YOUR TRAVEL STYLE!

Our wide range of motorbike and Jeep tours are open to anyone from 3 to 93. Whether you are looking for a family friendly outing or some hardcore off-road riding through some amazing hinterland, we can cater for you.

Whether you are on a half day tour or a 7 day tour, every corner, or each new day promises something different to see and new experiences to be had. At Hoi An Motorbike Adventures we don't just tell you about the local culture, we get you up close and personal with it. It isn't all about the riding (though it is very cool), we are all about creating experiences leaving you with memories to last a lifetime. Our tours are designed to be a feast for your eyes, rather than trying to break the land speed record!

We include a professional, licensed driver in the price of all our tours so unlicensed guests and children can enjoy the fun as well. Children under 12 receive a 30% discount, so it is a perfect way for the family to enjoy the countryside, free from the hustle and bustle of tourists and enjoy a little slice of Vietnam we love so much.

### GO PILLION

So, you still want an adventure to see sights in Vietnam that very few others see and yet you don't know how to ride a motorbike? Not being able to ride a bike should in no way stop you from getting out there! You can choose to ride pillion with your friend or partner, or you can jump on the back with one of our highly trusted and very experienced local riders.

Just sit back, relax and take in all there is to see.

### OUR JEEPS

Our Jeep tours are the perfect addition to any experience, giving a touch of adventure and loads of local culture to your Central Vietnam stay.

With its war-torn past, the countryside of Vietnam is certainly no stranger to the sight of a military-style Jeep cruising along the many roads and back trails. These rugged four seat machines are perfectly designed to handle anything Vietnam has to throw at them.

Duration: Half day | Type: Loop | Total approx. 50km

# VILLAGE ADVENTURE TRACKS

## VILLAGE ADVENTURE TRACKS

Our popular half day tour. Explore the rural hinterland and the villages and get away from touristy Hoi An.

We zoom out of Hoi An to explore the Thu Bon River Delta hinterland. We traverse irrigation channels, dyke walls and country laneways, all the while, soaking up the landscape and the local way of life. We stop for drinks at small, family-run cafés, experiencing the everyday routine of the rural Vietnamese folk. On the return trip, we ride the unique “floating bridge” lane route, “high 5” with local kids and enjoy picturesque views of the sunset as it fades behind the mountains. This is a dream tour for amateur and professional photographers alike.

JEEP TOURS takes a different, though similar route though cannot visit the floating bridges or irrigations channels because the Jeep is too big. You will still see plenty of cool stuff.

Tour starts at 1pm and finishes approx. 5pm.  
(We can also run this tour in the morning.)

*My family & I (Wife, kids 8, 7 & 6 yrs) took the half day motorbike tour around Hoi An and can only recommend it to anyone else that wants something different from the ‘minibus and walk’ that seems standard in the area. Each of the kids had their own rider, very friendly (encouraging the liberal use of the horn and thus fitting right in with the locals!) and safe while we rode our own scooter.*

**OPTIONAL:**  
Full day tour  
on request.

Greet the sun and celebrate a new day on this adventure filled half day My Son tour to the ancient Cham capital's UNESCO World Heritage listed ruins.

The My Son tour begins with us departing by Jeep or motorbike with the sun chasing us into the beautiful Thu Bon Delta region. We stop at a bustling country market where you will get a real insight into Vietnamese country living. We then embark on a scenic drive along back roads in the countryside and arrive at My Son for a traditional local Vietnamese breakfast. Once our stomachs are satisfied the guided My Son tour begins where we trek around the silent ruins of this ancient city.

After our My Son tour concludes we jump back on the bikes or Jeeps and return to Hoi An along small country laneways and through the scattered Hamlets amongst the rice paddies.

Tour starts at 5.30am and finishes approx. 10.30am.

*We wanted to see My Son but at the same time, avoid the crowds. We found the perfect solution with HAMA's My Son Explorer adventure. We started off early and arrived early enough to enjoy the Cham ruins by ourselves. Led by our guide we were enthralled with the stories about the former kingdom, and were entertained with anecdotes. Our jeeps took us along muddy roads, rice paddy trails, and off road tracks.*

# HIGHER THAN HAI VAN PASS

## HIGHER THAN HAI VAN PASS

Forget about Top Gear - we have something even better! Let us take you up the many windy roads onto the top of Monkey Mountain

Hundreds of tourists a day pass over Hai Van Pass but few ever make it to Son Tra, an area of infinite beauty and blissfully-free of souvenir vendors. This day trip takes you from the lowlands to the mountains, stopping at several other viewpoints along the way that few tourists will ever get to see.

Your first stop is at Thap Bang An where we will visit a 900-year old Cham tower. Then zoom up Bo Bo Hill, also known as Hilltop 55, a site of historical importance during the American war before breaking for a coffee at a local shop. From here we begin the climb up to Son Tra reveling in the lush tropical vistas of the peninsula and the awesome riding. Rising 642 metres above the coast line, we snake around the mountain through dense foliage. Keep your eye out for monkeys, especially in the cooler months as there are plenty on the mountain. Then we descend along the other side of the mountain to see Vietnam's biggest Buddha statue and down toward the fishing villages where the colorful wooden boats are moored along the coast, making our way back to Hoi An.

Tour starts at 1pm and finishes approx. 5pm.

*Brilliant day. Amazing tour through small villages, Danang, jungle, mountain peaks. Our tour leader had a huge amount of information and every rider was catered for regardless of their experience. Definitely the best day I have had in Vietnam! Don't leave Hoi An without touring with these guys!*

*Seriously – the highlight of our Vietnam trip! Both my husband and I agreed we learned more in 2 days on this trip than the remainder of our trip. And honestly, after the highlight of this trip, the rest of the trip had a hard time living up to it. Hoi An Motorbike Adventures definitely gets a 5+ star rating from us. The support crew was great and the people we met along the way were phenomenal. If you are the type of traveler that revels in getting off the beaten track, this is for you: small groups (we only had one other couple with us), amazing food and truly local. # HILL TRIBE VILLAGE ADVENTURE

## DETAILED ITINERARY

### DAY 1: COUNTRYSIDE RIDING

Get away from Hoi An for a night and discover a completely different side of Vietnam. Departing Hoi An by motorbike puts a whole new perspective on the Vietnam countryside, with fresh air and beautiful sceneries filling the senses. We'll first stop at 1000 year old Cham temples and former US and French bases from the independence wars.

We then wind our way into the mountains – this is what motorbike touring is all about! Travel along quiet roads, enjoying breathtaking sites at every turn with plenty of chances to stop for photos. There are some places you can only see on motorbike.

As we wind our way up into the hills towards the Lao border home to the Co Tu minority, we take a break to visit one of the few remaining Co Tu woodcarvers and enjoy a home cooked lunch in his stilted house before continuing our journey deep in to the mountains, meandering through isolated villages where the culture and traditions remain untouched by time making this remote and staggeringly beautiful region home to one of the most authentic hill tribes to remain in Vietnam.

We'll arrive at Bho Hoong, a traditional Co Tu village where we will stay for the night. Little has changed in the past hundred years in Bho Hoong and it is the perfect place to relax and enjoy the natural beauty of Central Vietnam. A light trek through the village outskirts takes us into the surrounding jungle and to rivers,

where we can go for a refreshing dip. The evening is highlighted by a superb dinner of Co Tu traditional dishes, a traditional cultural performance and a chance to interact with the villagers, gaining more insight into their rich culture. Afterwards, retreat to your stilted Co Tu hut where the serene setting and clear mountain air will lull you to sleep.

*(Accommodation: Bungalow / Meals: Lunch, Dinner)*

### DAY 2: HO CHI MINH TRAIL

In the morning, wake up to the sounds of the village coming to life. Enjoy breakfast and a hot cup of coffee as you watch the morning activities of the Co Tu, heading to the fields and preparing the days meals. We bid farewell to our hosts and jump back on the bikes for our return journey to Hoi An. Today's drive crosses the historic Ho Chi Minh Trail, through lush forests and past jaw-dropping views of the central Vietnam Mountains. Just when you thought it couldn't get any more beautiful we arrive at a waterfall tucked alongside a towering peak for a picnic lunch.

The afternoon sees us descending back down toward the coast, stopping along the way to explore old bases from the American war, crossing the Thu Bon River by local ferry (motorbike tour only. Jeep tour takes alternate route) and following our unique rural laneway and floating bridge road (motorbike tour only) back into Hoi An.

*(Meals: Breakfast, Lunch)*

Duration: Three days | Type: Loop | Total approx. 495km

## DETAILED ITINERARY

### DAY 1: COUNTRYSIDE RIDING

We set off from Hoi An this morning on what promises to be an unforgettable voyage of rugged roads, rustic villages and stunning highlands.

With the wind in your hair, we zip through the Hoi An countryside, making our way up into the hills towards the Laos border. Home to the Co Tu minority, we take a break to visit one of the few remaining Co Tu woodcarvers and enjoy a home cooked lunch in his stilted house before continuing our journey deep in to the mountains, meandering through isolated villages where the culture and traditions remain untouched by time making this remote and staggeringly beautiful region home to one of the most authentic hill tribes to remain in Vietnam.

### DAY 2: HO CHI MINH TRAIL

Day two of your adventure begins with breakfast in the village and a chance to watch the morning activities of the Co Tu. Bidding farewell to our hosts; we jump on the bikes to resume our adventure through the rugged highlands of Central Vietnam. This time we follow a new section of the Ho Chi Minh Trail toward the Laos border, crossing through lush rainforests and over mountain passes on roads perfectly suited to motorbikes and Jeeps. Keep your camera handy as the views are stunning!

Midday we take a break for a picnic lunch in the shade of a mountain waterfall. Take a swim in the cool waters or simply lay back and relax in the solitude. We then begin the last stretch of today's journey, descending down to Hue. But the adventure isn't over yet. The landscape continues to change as we make our way to the flatlands, passing through A Shau valley- an area that played a key role during the American war- before catching glimpses of the iconic Perfume River from the hills. We cruise into the centre of Hue in the early evening.

*(Accommodation: Hotel / Meals: Breakfast, Lunch, Dinner)*

### DAY 3: HAI VAN PASS & COAST

Rise and shine, it's time to set off on the final day of our adventure. Today's journey takes us back to Hoi An by a different route, trading in the mountains for the gorgeous Vietnam coastline. We head east from Hue and then travel parallel to the sea, passing through fishing villages and along pristine sandy beaches for the first part of the drive. The salty air and refreshing sea breezes are a dramatic contrast to the mountain air from the previous days. We'll stop often to dip our toes in the sea, chat with fishermen and to take photos. At the half way point of our drive we climb to Highway 1's highest point, Hai Van Pass, where panoramic views of the coast are all around. The road then winds down toward Hoi An, passing through Danang city, Marble Mountain and along the coastline.

*(Meals: Breakfast, Lunch)*

## ITINERARIES

Our tours are fantastic because they change regularly. The itineraries for our multi day tours will reflect the number of days on tour along with a broad itinerary; though we may include some things not included in the itinerary, because they are cool. It is difficult to put a comprehensive itinerary in place for a day tours because every day is different!

## SECURITY DEPOSIT

### This only applies to self-riders on our motorbike tours.

We take great care of our motorbikes. If you damage them on tour, we need to fix them. We take a security deposit of 1.000.000 VND to cover damage to the bike while it is in your possession on the tour. If the damage exceeds this amount you are responsible for it. We are in the business of ensuring your adventure is exciting and memorable. We are not in the business of overcharging or trying to take your money for damage. We are honest and fair and simply want to keep our bikes in the condition in which you received them.

Accidents and incidents on our tour are rare, though when they occur you are responsible for covering the cost to fix the bikes, up to and including full replacement value in the rare (really, rare) event of a write-off. Depending on the bike you choose you are looking at 1,500 USD for a Minsk (as they are becoming rare), 2,000 USD for a scooter, and 3,500 USD for a dirt bike. We do our best to take great care of you on tour, though we cannot ride the bike for you. So if in doubt, grab a driver and enjoy the ride from the best seat in the house!
