# SAIGON CITY TOURS

*Saigon as the city is still frequently referred to be Vietnam's largest city. It is a fast-paced city full of contrasts as street vendors selling fruit and vegetables can be seen next to glitzy western-style bars and boutiques. Saigon's history is only 300 years old. In 1859 the city was captured by the French and became the capital of Indochina. From 1956 until its dramatic demise in April 1975 it was the capital of the US-backed Republic of Vietnam. This half day city tour unravels Saigon's turbulent past and also provides a glimpse into the fascinating variety the city has to offer.*

## OPTION 1: SAIGON CITY TOUR (4 hours)

**Morning Departure: 08.00am – 08.30am**

**Afternoon Departure: 13.00pm – 13.30pm**

Our guide will pick you up at your hotel for half day city tour unravels Saigon's turbulent past and also provides a glimpse into the fascinating variety the city has to offer. We visit the following places of interest.

**The Reunification Palace:** Here on April 30<sup>th</sup> 1975 the 'American War' officially ended when tank number 843 of the North Vietnamese Army crashed through the gates of what was, at the time the residence of the President of the Republic of Vietnam.

**War Remnants Museum:** Formerly known as the Museum of American War Crimes, this is a poignant display of the futility of war.

**Notre Dame Cathedral and Old Post Office:** Built between 1877 and 1883 this is one of the best examples of classical French colonial architecture.

**Jade Emperor Pagoda:** Built in 1909 in honor of the supreme Taoist god, this is one of the most spectacularly atmospheric temples in HCMC, stuffed with statues of phantasmal divinities and grotesque heroes. The pungent smoke of incense fills the air, obscuring the exquisite woodcarvings.

**Ben Thanh Market:** This bustling market is very popular with tourists, primarily due to its central location. It has a wide selection of goods.

*Afterwards, we will drop you back to your hotel. End of services.*

# THE TUNNELS OF CU CHI

The Cu Chi Tunnels are definitely worth the day trip out of Saigon, to see it is better than you could ever expect having heard about them back home. Just 70km (40 miles) northwest of Saigon, the Cu Chi area lies at the end of the Ho Chi Minh Trail and was the base from which Vietnamese guerillas used to attack Saigon. As a result, the whole area became a "free-fire zone" and was carpet-bombed in one of many American "scorched-earth" policies. But the residents of Cu Chi took their war underground, literally, developing a network of tunnels that, at its height, stretched as far as Cambodia and included meeting rooms, kitchens, and triage areas -- an effective network for waging guerilla warfare on nearby U.S. troops.

**Morning Departure: 08.00am – 08.30am**

**Afternoon Departure: 13.00pm – 13.30pm**

**Our guide picks you up at your hotel** and set 1,5 hours drive to Cu Chi District. Upon arrival at the tunnels, our tour begins with:

- **Watch a brief of propaganda video**, which explains how the tunnels were used to successfully defeat American military forces in combat.
- The tour continues and the guide **explains some traps** that were placed in the jungles of Vietnam to either maim American soldiers or create panic amongst the ranks.
- From here, you can **enter one of the tunnel entrances** and crawl through the tunnels is a real experience to imagine how people could live there for an extended period!
- There is a gin range where **you can try to fire an automatic or semi automatic weapons for a fee** (this fee is not included)
- Take some rest at the end for a taste of Cu Chi boiled tapioca and thinking what humans are capable of when having to defend their home. Drive back to Saigon.

**Afterwards, our guide will drop you back to your hotel. End of services.**

# Mekong River Tours

The Mekong Delta is the southernmost region of Vietnam. It is often referred to as the rice bowl of Vietnam as it produces three harvests per year. The fertile Mekong Delta is also famous for its tropical fruits and flowers. The Delta area marks the end of a 4,500km journey made by the Mekong River after having traveled through six countries. Traditional transportation in the Delta is by boat along a vast network of canals and channels. Boating along these canals and visiting the floating markets always proves to be a fascinating and rewarding experience for all visitors.
