

TESTIMONIALS

Hi Jamo,

I am back in NZ now, my first surfing lesson yesterday was the absolute highlight of my Australian trip. I really cannot believe you actually got me to stand up on my first lesson. I am completely hooked. Off to buy a wetsuit tomorrow and practice... You are a great teacher, Thanks.

Regards,
Wendy Miller, NZ

Jamo,

I wanted to say thanks for an awesome lesson when we were in Australia. I had the best time - thanks for your help and your patience! I can't believe you got me standing - it was the best feeling and I can't wait to get back for more!

Jamo,

Gosh, we would love to both go surfing again. We had sooo much fun and laughed a lot. And, your excellent instruction, expertise, patience and sense of humour truly added to our experience. If I was in the position (living in Australia verses in the mountains in Colorado) I would most definitely recommend your surfing school and you as an instructor again. Coming from another professional in the ski business, please take this as a great compliment.

Just wanted to write and let you know what a great experience we had this afternoon.

Dan was fantastic and we all had such a great time.

I cannot speak highly enough of Dan and his attitude and approach. I cannot recommend you highly enough. Many thanks to you and especially to Dan.

Gideon.
