We have eight individually themed and decorated Sea View Snugs. All have the same layout and specification but each has its own character.

Sea View Snugs

The Shore

The Shore is in keeping with the coastal location of the Snugs and their incredible sea views. The Shore is largely white in its décor with accents of blue. A shoal of mackerel swims across the wall above the bed, whilst lighthouses and starfish are little touches that add to the coastal feel.

The Meadow

One of the most simple, but most stunning of our Snugs. Set against a white background, the pops of colour come from flowers and complementary artwork and soft furnishings; fresh, clean and perfectly suited to its natural surroundings.

The Coop

The Coop is dedicated to our feathery friends living in the hillsides behind the Snugs, the pheasant. With a neutral colour palette, a selection of complementary materials including copper, wood and stone, and bespoke soft furnishings, the overall effect is one of a relaxed and classic feel.

The Ben

Named after the hill which forms the backdrop to our Sea View Snugs, Ben John; the Ben combines a romantic theme with a twist of tartan. The walls are a neutral palate, allowing the accessories in red and tartan to stand out, as well as the striking stag artwork.

The Dock

The Dock makes reference to the proximity to the sea, which all our Snugs overlook. With a coastal theme throughout; from the blue and white colour scheme to the little touches; bunting, boats and birds. Lying in bed in The Dock, you can practically hear the waves lapping the shore.

The Paddock

An ode to the cows and sheep that live in the fields and hillsides surrounding the Snugs, The Paddock is the perfect balance of masculine and feminine. The paddock has a monochromatic theme that is highlighted by pops of colour and complemented by bespoke soft furnishings in keeping with the theme.

The Hive

Our bee themed Snug, the Hive, is a combination of the subtle walls and background, with striking furnishings and features in a yellow colour, in keeping with the bee theme. With some classic tartan and quirky bee's the Hive is a stunning Snug.

The Burrow

Our bunny themed Snug, the Burrow, has neutral and natural tones, in keeping with the surroundings of our Snugs. Soft linens in neutral tartans, with accents of copper and wood complement the soft colour palate.
