## Celebrating and Honoring the First 50 Years of Military Aviation.

The Military Aviation Museum features one of the world's largest private collections of historic military aircraft. These were the aircraft flown during the dawn of aerial combat in the Great War, as well as during the Second World War and the early days of the Korean Conflict. Most have been restored to original flying condition, using original parts whenever possible, and features the markings of the days when flown with the armed forces.

**FLY WITH US!** The Military Aviation Museum offers 15-minute and 30-minute rides in its 1941 Boeing Stearman Biplane and 1983 Waco—both open cockpit biplanes that provide once in a lifetime memories. Soar over the rural countryside of Virginia Beach, the Intracoastal Waterway, the sand dunes of the Back Bay Wildlife Refuge, and the Atlantic Ocean. Call the museum or visit our website for more information.

**WORLD WAR TWO** aircraft fill three hangars at the museum. The collection includes examples from the United States Army and United States Navy, Great Britain, Germany and other European countries. We can trace each aircraft's lineage back to the day it first came off the assembly line, and each one has a unique story to share. Visit an actual German Luftwaffe Hangar and a real English Control Tower from World War Two Europe.

**WORLD WAR ONE** aircraft represent the dawn of aerial combat. The museum's collection of colorful biplanes and triplanes represent the brave pilots from the United States, Great Britain, France and Germany. Learn about how dogfighting came to be and the challenges these men overcame just a few short years after the Wright Brothers took their first flight.
