

## MENU

**Sagewood Café is an Artisan Café subscribing to a simple and sustainable lifestyle of real food in which everything we serve is made from scratch, always using fresh, local and seasonal ingredients.**

We avoid preservatives, artificial sweeteners and colourants wherever possible, instead using real butter, farm-fresh dairy, free-range eggs and chicken, the highest quality meat and seafood, artisan cheeses and home-grown fruits and vegetables. Even our flour is grown, harvested and milled by traditional stone-ground methods right here in the Midlands.

Creativity and passion are constant, ever-evolving processes. With this in mind, our menu is an exciting journey of adventurous flavours and combinations.

From our daily Bakers Table, Wood-fired Pizza Oven, our Specials Board and our Menu, you can expect to find a sensory experience second to none.

Sunday lunches include the addition of our own Artisan Lunch buffet, where getting creative and tasty is how we roll.

Always fresh
