

Our aim is give to you the treat you deserve and make your visit an indulgent and pleasant experience as well as to satisfy your hunger or thirst. We love tea and are proud to serve high quality Suki and The Lawn Teas, ranging from a traditional great British brew to more adventurous and unusual blends to match your mood. If tea is not your thing we also serve a wide selection of Coffee Masters hot chocolates and coffees, as sometimes coffee and cake is the only cure!

All of our cream teas are lovingly prepared using handmade cakes and preserves, and of course with your preference of a pot of tea or choice of beverage. Order just for one or to share with someone special with the option of meat or meat-free sandwich fillings and more savoury or sweet delights dependent on your taste. We also accommodate special diets, with soya milk, low fat and daily options of gluten-free cake and bread - make us aware of any allergies or preferences so we can help.

We are friends of all things small and all things furry, as long as they are well behaved and considerably supervised - Dogs and children are very welcome here and if they have any needs that we can meet to keep them happy, clean, fed and watered please ask!

JellyPickleJam also produce our own range of handmade preserves, with handpicked ingredients sourced from the local community and the Vale of Evesham via our Community Crop Scheme. These, along with preserve making supplies, food products, books, craft kits and gifts are available to purchase. We host regular classes and parties in preserve-making, and food and craft activities for adults or older children. Please see our calendar of events at jellypicklejam.co.uk or ask for more information if you'd like to join in; you can also follow us on Facebook or Twitter. Should there be anything we can do to improve your experience, let us know before you leave us a Trip Advisor review, as your pleasure and comfort is our priority! x

The Lawn Teas

Classic - English Breakfast

A perennial favourite, our standard cup of tea featuring fine Indian Assam as well as tea from the Kenyan Tea Development Authority – a cooperative empowering small-scale tea producers

Royal Tea - Earl Grey

The aristocratic tea, it combines the fragrant citrus of Bergamot with colourful rose petals and cornflowers to create a tea that looks every bit as good as it tastes

Assam Spice - Classic Chai

Our traditional masala chai create a fragrant creamy tea. Using high quality Assam and spices, this authentic blend gives a powerful flavour delivery. Best served with milk

Green and Pleasant - Green Tea with Peppermint

We have combined these two classic teas with a hint of aniseed to make a blend that is greater than the sum of its parts. A delightful green tea with a herbaceous peppermint and aniseed border

Rhubarb Patch - Rooibos with Rhubarb

Good for you, this robust South African offering is paired with the sharp, refined taste of English rhubarb. This caffeine free blend is the perfect tea if you are looking for something different and a tea blend that you can drink at any time of day

Rose Garden - Fruit Infusion

This caffeine free infusion looks and tastes like an English summer. Can be served hot or cold. A tea that is beautiful on the eye and the tongue!

Winter Berry - Christmas Tea

As red as a holly berry this festive tea from The Lawn will warm you up nicely. With yuletide classics including cinnamon, cloves and orange peel, this caffeine-free tea looks and tastes like the best of Christmas. Drink after a frosty mid winter walk with both hands around the mug.

See overleaf for Suki Teas....

Suki Teas

Belfast Brew - A stronger black tea blend dominated by maltiness and rich in tannins. This is a deep, dark infusion which is spicy and malty

Darjeeling - A beautifully light, slightly perfumed, malty and fragrant black tea. Best served black

Dark Cocoa Tea - Guilt Free Indulgence Black tea and cocoa kernels blend for a rich chocolatey cuppa, all the indulgence without the calories!

Russian Caravan - A blend of black teas which evokes thoughts of open fires, Whisky & sunsets. Russian Caravan Tea is described as an aromatic and full-bodied tea with a sweet, malty and smoky taste

Spiced Citrus - Who says it can't be Christmas everyday? This blend of black tea, spice and fruit is a winter warmer. Suitable with or without milk

Green Tea Ginseng - Unlike plain a green tea we have added some carefully selected ingredients, like ginseng root and pineapple to compliment this refreshing green tea and transform it into a true 'feel good' tea

Green Tea Sencha - Sencha translates as steamed and is a very traditional technique of keeping the flavour packed in the tea. Unlike roasting which brings other characteristics this is a light and fresh cup

Lemongrass and Ginger - A really interesting infusion; the warmth of the ginger and peppercorns balanced with the freshness of lemongrass and a lingering aftertaste of licorice root

Apple Loves Mint - The warmth of apple and the freshness of mint finished off with stunning whole baby rose buds

Whole Peppermint Leaves - Amazing Whole Peppermint leaves, handled with care to retain freshness by not crushing the leaf

Whole Chamomile Buds - Excellent for calming and soothing the mind and body using the whole flower heads, gives a cup of much higher quality taste than dusty teabags. Caffeine Free.

Rooibos - Our South African alternative, malty, sweet, rich in antioxidants and caffeine free
