

**LIMERICK  
CIVIC TRUST**  
CIVIC PRIDE IN ACTION

Protecting and enhancing  
Limerick's unique character and fabric

## Conservation & Preservation

Our work includes restoring derelict properties that are often gone beyond preservation in their present state. They are usually large scale projects commanding substantial time and financial commitments.

The apse roof of the Mortuary Chapel at Mount Saint Lawrence cemetery was completely restored in 2015

The Carrol Collection is an exhibition of important and significant military memorabilia and family heirlooms collected by five generations of the Carrol Family. It includes memorabilia from the Peninsular campaign, the Boer War and both World Wars and many unique family pieces.

The Collection was donated by June O'Carroll Robertson to Limerick Civic Trust and is housed at the Trust's headquarters in Bishops' Palace. This first permanent exhibition makes Bishops' Palace more attractive to visitors and plans are afoot to expand on this.

A new pathway along the Corbally side of the Canal Bank was created to provide a greatly enhanced outdoor facility for the local community.

Maintaining our cemeteries and ancient burial sites is ongoing. In Mount Saint Lawrence alone over 50 graves have been restored and repaired.

## Improving Our Environment

We undertake projects that make places more attractive, enjoyable and distinctive. Whether it's improving or maintaining a graveyard, river walk, community garden or city street, our work aims to promote civic pride.

## Education & Research

We create a better understanding of our heritage through new information, advice and education. This is achieved through researching unpublished material, publishing books, leaflets and maps, and organising walking tours, courses and on the job training for our Community Employment Scheme workers to assist with long term employment.

## Why support us?

Limerick Civic Trust is a voluntary organisation. Your membership supports our conservation, protection and education programmes which benefit everyone in our community as well as those who visit. By becoming a member you also enjoy many benefits...

Limerick Civic Trust donated its Oral History Archive to the Glucksman Library at the University of Limerick. This special collection contains over 148 individual voices featuring Limerick people spanning over 16 years of history.

Sponsorship of special projects or donations are another option for companies or individuals wishing to support the Limerick Civic Trust

*“If we want investors and tourists coming to our city to recommend us, it’s important they see pride in place and a good presentation of our heritage assets and spaces.*

*It is important that we put our best coat on at all times and Limerick Civic Trust is helping us do that”*

Rose Hynes, Chairperson, Shannon Group
