CASINO ON DECK TWO
(CAPACITY 250)

AN INSPIRED LOCATION

Situated on the balmy southern most tip of the Spanish mainland, where the white Atlantic surf meets the calm waters of the Mediterranean, Gibraltar is an exciting new events and conferences destination.

This picturesque historical location enables British visitors to enjoy the best of both worlds – a warm, sunny climate combined with the familiar language, travel and currency advantages afforded by Gibraltar's status as a UK overseas territory.

Sunborn Gibraltar adds something special to the mix – the opportunity to experience unrivalled hotel luxury with exceptional guest accommodation, the finest cuisine, and top-notch business and leisure facilities right in the heart of the celebrated Ocean Village marina development.

EVERYTHING IN ONE PLACE

Gibraltar has much to offer: established nature reserves and botanical gardens, panoramic vistas from the summit of the Rock, safe beaches, watersports and ancient limestone caves, plus unique events and conference venues – all within 15 minutes of the hotel.

It's a convenient base from which to explore Andalusia, or to venture further afield. Spain's world-famous Valderrama golf course is close by, while exotic Tangier just a ferry ride across the Strait.

The recently opened £90m airport welcomes regular scheduled and charter flights from all major UK airports, and with the Sunborn Gibraltar moored only a couple of minutes away, it's the smoothest passenger transfer ever – from take-off to drinks on the terrace in under three hours!

With more than 300 days of sunshine, first-class VAT-free shopping, relaxed bars and restaurants and some of the friendliest locals anywhere in the world, it's easy to see why Gibraltar is a popular destination all year round.

THE ULTIMATE EVENTS VENUE

Sunborn Gibraltar makes an unforgettable location for a wide variety of corporate and private events. The yacht's extensive and highly adaptable conference suite provides 675m² of space with a choice of flexible configuration options and a total capacity of up to 400 people. The soaring double-height ballroom can accommodate large and smaller parties alike, and creates a dramatic setting for special occasions.

The spacious top-deck restaurant with al fresco terrace is a magical venue. Complete with retractable roof and floor-to-ceiling folding glass doors, it provides an elegant backdrop for a special gathering – under the sun or beneath the stars.

At the back of the yacht, the relaxed sundeck bar and lounge sets the scene perfectly for a memorable cocktail party, product launch or corporate presentation.

There are plenty of interesting venues in Gibraltar itself – subterranean St Michael's Cave, sub-tropical Alameda Botanical Gardens and spectacular top-of-the-Rock Mons Calpe Suite – whatever you have in mind, we can help make it happen.
