## Quality & Fun

No matter the size of your group, we guarantee that everyone will have a great time. This is what some of our customers had to say about spending their teambuilding at clueQuest:

### 'Well organised, great fun

I did this with a work group. There were 17 of us across 4 of the rooms. It was great fun; challenging and needed team working to get it done. We all did the same game, so could compare experiences afterwards, which was also good. Would advise any group to try to do that; otherwise it would be difficult not to give away spoilers for a second visit! We are all keen to go back and do the second room...'

### 'What a great experience

Fantastic team building fun! Twelve of us and we all loved it. Can't wait to try the next level! Really made us think and work together as a team.'

### 'Excellent for a large team away day!

Having already completed one of the ClueQuest challenges with friends I thought it would be a great activity for our team away day. I was a little apprehensive as we had a large group of mixed ages so wasn't sure if everyone would enjoy it. It was a huge success with everyone! So well organised and provided a good opportunity for each member of the team to get involved. I would highly recommend this for team activities (team away days, team building)'

## Custom Tailored Experiences

With every game booked, you have the option to purchase clueQuest merchandise and memorabilia.

However, upon request, our in-house design team can help you organize team prizes and awards personalized with your company's logo, like we did for the team from MasterLock for their [product launch event](#). For more information, get in touch via [escape@cluequest.co.uk](mailto:escape@cluequest.co.uk).

## Benefits

Teams who share the same experience will be able to exchange post-game impressions, compare teamwork skills and identify common or different approaches. This makes our escape rooms perfect team building environments.

Each game is designed to challenge and test skills such as:

- Teamwork
- Communication
- Outside-of-the-box thinking
- Initiative
- Focus

Employers will have the opportunity to observe and evaluate existing work group dynamics, candidates for promotion, or assess new talent as part of the recruitment

process. This option is available separately, on demand, as part of our new **clueQuest Assessment Programme (CAP)\***.
