

# YOUR SAFETY

With over 1/2 a million zips under its belt, this multi-award winning company is serious about safety.

- All guests are given a helmet and full body harness
- Full safety briefing provided by your tour guides
- Two guides accompany every personal group of up to 10 guests
- Guides launch and receive you at each treehouse and take care of everything technical, so you can relax and enjoy the tour
- We've been zipping guests in Queenstown since November 2009, with our parent company in Whistler, Canada operating since 2002

# OUR COMMITMENT

Ziptrek is committed to preserving it's environment and by joining us on a tour, you'll be doing your bit to help us achieve this. Embark on a journey that promotes eco-awareness through fun adventure in truly unique and spectacular surroundings!

## Ziptrek advocates minimal environmental impacts:

- Check out our treehouses. All 12 of them were handcrafted with locally sourced Macrocarpa timber and zipped in by hand
- And look how we're accessed - Using pre-existing infrastructure, either by gondola or by foot up the Tiki walking trail
- We've also planted over 4,000 native trees and shrubs on Bob's Peak and use solar panels throughout the course for energy
- We are proud to sponsor the Tuatara enclosure at the Kiwi Birdlife Park as well as be gold sponsor for the Paper4Trees school programme

Ziptrek supports like-minded organisations, both local and global. We encourage you to look, learn and get involved. #ZiptrekNZ
