

## Dear Guest

Thank you for visiting Café Spice Namasté, now on its 22nd year in a location filled with all the history and vibrancy that makes London so special today. Here we take care to prepare and cook food as we know best, and as we would eat it ourselves. For some restaurant-goers, our cuisine may seem unfamiliar, but as we strive to remain innovative, at heart it is honest to goodness Indian home-cooking that inspires us.

You may find our seasoning a bit less, in fact we have pledged to reduce salt in our cooking, using only reduced sodium sea salt. But just in case, we do have salt on hand, so please just ask if you'd like some brought to your table. Being the UK's most 'ethical-sourcing' restaurant, the produce and ingredients we buy are among the best of the best, and predominantly British. As a patron of both The British Lop Pig Society & The Rare Breed Survival Trust, an Ambassador of both British Lamb and Scottish Food & Drink, and member of the Scottish Beef Club, we source meats from tiny farms dotted across the UK. Naturally, this affects our pricing, and so we pray you not compare us with other local restaurants.

For the uninitiated, our recommendation is to always order the Kitchen Selection Menu to experience the multiple flavours.

Everyone is welcome at Café Spice Namasté, and once again, we would like to offer our profound thanks to all our customers for their support over the years, and for sharing with us what is truly a way of life. We look forward to enjoying many more years with you as our valued patrons and friends. Namasté! - Cyrus & Pervin Todiwala.

Relax and let us do all the hard work - including the ordering! Ideally this menu must be for everyone at the table as otherwise it would make service very difficult. This we would recommend to everyone. It is the perfect way to enjoy the cuisine we prepare and takes away the stress of going through the menu and ordering individually, but moreso it allows people to share and enjoy all the dishes together as we would in our homes. Your meal begins with Papads and Home Made Chutneys and Pickles, a selection of six different starter items, our soup of the day as an intermediary course, followed by Three non vegetarian main dishes to include Seafood, Poultry and Meat plus a Vegetable of the day and Daal, along with Naan and Rice, followed by a selection of our Sweets. Do let us know if you would like anything in particular from our regular menu for your selection.

All we need is to know is any dietary needs or allergies and we will look after the rest.

## THE CAFÉ SPICE NAMASTÉ GOURMAND TASTING MENU

- Available until 8:30pm

Ideally this menu must be for everyone at the table as otherwise it would make service very difficult.

This menu could be stretched by you to last a good two hours of easy dining and therefore please understand that we cannot serve it after 8:30pm. This menu will be designed as you start to dine as we will serve you a host of mini plates encompassing our regular menu as well as our specials. Your dining experience starts with a glass of pomegranate Bellini (bubbly with pomegranate syrup). Weve designed the menu so it offers a balance of tastes and textures to keep your interest going. However if you need to try anything from our menu in particular; do tell us as we generally try to avoid giving you too many starchy dishes. All you need to do is let us know of any allergies or dislikes. We do not serve a fixed number of courses so do please let us know when you have tasted enough so that we can then serve you some dessert. We recommend the New Zealand Sauvignon Blanc, Burgundy or the Spanish wines to go with your meal. Ь
