Why Fatbikes?

The muddier, wetter and colder the better. Believe it or not fatbiking is the perfect winter outdoor pursuit. Remember that buzz you had when you learnt to ride a bike for the 1st time? Fatbikes bring back the buzz – everytime for everyone. True Story.

Fatbikes are 'Omniterra-Go-Anywhere Bikes' they are the only bikes that can ride on beaches, bogs and snow, soft terrain places that no other bikes can go. Fatbikes aren't as heavy as they look, they're also incredibly capable and easy to handle.

Fatbikes are great fun, no one gets off a fatbike without a big silly grin on their face

Why Us:

We run and organize biking oriented, memorable & fun experiences for you and your friends / family / work colleagues/ school both in Ireland and oversea's.

Our fleet of fatbikes are well designed high quality steel steeds. They are comfortable to ride and are regularly serviced by our mechanics.

We carefully choose the tour routes, accommodations and their locations to ensure that you are not pushed beyond your bike skill and fitness limits. We want to ensure that you get maximum enjoyment mixed in with some breath taking scenery and go home with having had a unique experience.

We are flexible and highly mobile so can fully customize any of our existing tours to best suit your requirements.

We have numerous years of experience in several countries
