THE BLACK SHEEP BREWING PROCESS

Our original brewhouse was installed in the summer of 1992 and sits in the kiln of a former maltings.

It is laid out in the traditional tower fashion whereby mash tun, copper and hop back are positioned one above the other with gravity taking the brew down through the process. We do things a bit differently up here though, we use Yorkshire Square fermenting vessels, a rare brewing method which gives our beer a crisp, bitter finish (some of these vessels are made of slate and are over 80 years old).

We brew with high quality raw materials: crystal clear dales water from our own well, Maris Otter malted barley for extra flavour, some wheat to fortify our beers' natural head, a little roasted malt for colour and flavour and generous amounts of whole flower hops for aroma and bitterness.

BLACK SHEEP BEERS

Originally brewed for pubs in and around the Yorkshire Dales, Black Sheep beers are available in pubs and supermarkets all over the UK and we export all across the world.

We carefully select top quality ingredients and brew a range of different beer styles from classic bitters to pale ales and stouts. We love experimenting with new beers and the chances are that a trial brew or two from our 5 barrel 'Little Lamb' pilot brewhouse will be available to try at the bar.

Our core range of cask beers are available all year round and are a staple on our baa...r

BLACK SHEEP BEST BITTER Alc. 3.8% Vol.

An unashamed English classic. The definitive quality session beer, light golden with lots of peppery fuggle hop and a dry, refreshing finish. Uncompromised, quaffable and moreish.

GOLDEN SHEEP Alc. 3.9% Vol.

A beautifully balanced golden cask beer with a dry and refreshing bitterness. Light golden in colour, with fresh citrusy fruit flavours and a clean, crisp finish.

BLACK SHEEP SPECIAL ALE Alc. 4.4% Vol.

A full flavoured ale with a rich fruit nose, a malty taste and a long dry bitter finish. Brewed with generous handfuls of choice Goldings hops.

RIGGWELTER Alc. 5.9% Vol.

A richly flavoured, strong, deep chestnut coloured ale with a powerfully refreshing dry finish of hops and roasted barley malt.

HOW TO FIND US

Situated at the gateway to Wensleydale, Masham is the home of the Black Sheep Brewery.

Masham is on the A6108, 9 miles from Ripon and about 20 miles north of Harrogate. From the A1, come off at Junction 50 and we're just 15 minutes away (Masham is signposted all the way). When you come into Masham itself, the brewery can be seen on the right (at the top of the bank) as you drive over the bridge.

Take a right hand turn before the garage and follow the road round, past the White Bear pub then take the next right into the Black Sheep Visitor Centre Car Park.

The Yorkshire Beer Experience

THE YORKSHIRE BEER EXPERIENCE

We are proud of our history and where we come from. Part of the 5th generation of Masham's famous brewing family, Paul Theakston is the founder of 'Black Sheep'.

Paul saw an opportunity to make real beer in the time-honoured fashion following the take-over of his original family business and built the Black Sheep Brewery from scratch in 1992. Today, Paul is the Chairman of Black Sheep with Rob & Jo, his two eldest sons, now running the brewery.

Come and hear the fascinating tale of how we came to be and take a 'shepherded' tour around our beautiful brewery as our brewers go about their craft.

You can enjoy lunch or dinner in our bistro and have a try of our expanding range of award winning cask, keg and bottled beers, some of which you won't find anywhere else in the world.
